

RECREATION NEED  
FOR SPARE TIME,  
ASSERT S. BRADFORDRotary Speaker Declares  
Character Is Built In  
Spare Time.HEALTH OF WOMEN,  
MEN IS AT STAKEWholesome Self-expression  
As Necessary As City  
Building Projects.It is just as important for a city to  
provide wholesome self-expression in  
recreation as it is to build streets  
and public buildings.This was the thought left with the  
Rotary club members by John Brad-  
ford of New York city, field rep-  
resentative of the National Playground  
and Recreation association, who ad-  
dressed the club Tuesday afternoon  
at the Elks home.In a rapid-fire speech Mr. Brad-  
ford argued the benefits of organized  
recreation for the community from  
two standpoints, that of health and  
conduct. It was a plea for recreation  
for men and women, for the speaker  
declared that "we have sold the pay-  
ground movement for children, al-  
most over the country."A Business Proposition  
There is no sentiment or philan-  
thropy in this recreation movement;  
it is a cold-blooded business propo-  
sition, Bradford asserted.From the standpoint of health he  
pointed to the widespread malnutri-  
tion among children and he declared  
that health examinations prove that  
malnutrition is not a proposition of  
the poor. The trouble is that par-  
ents do not understand the needs of  
growing children.His greatest plea was for recrea-  
tion for girls, for he declared we  
cannot have healthy children with un-  
healthy mothers.Forty-two per cent of industrial in-  
jury is unnecessary, provided we give  
the workers recreational opportuni-  
ties, Bradford continued. We are  
making no headway in combating  
degenerative diseases of middle life,  
he said, four-fifths of which are un-  
necessary. His recommendation was  
for a complete physical examination  
once a year.Taking up the phase of conduct,  
Bradford quoted statistics which re-  
veal that eleven hundred millions are  
spent in this country for the upkeep  
of penal institutions for crime, and  
that 71 per cent of the inmates are  
boys and girls under 21 years of age.Provid. For Spare Time  
"Crime and delinquency go back to  
the lack of recreation and play in  
spare time," he said. "In spare time  
character is built; so the future of  
the nation depends on what we can  
give men and women as well as chil-  
dren in their spare time."Opportunity for self-expression he  
gave as the need to overcome the ill  
effects of industrialization with its  
monotonous tasks. And for the  
school children he recommended re-  
creational athletics, not alone for  
trained athletes who are "burned  
out" in high schools, but for all stu-  
dents.Thirty-three states have passed  
compulsory recreation laws, he said,  
as he impressed upon the men that  
wholesome recreation is given by  
right to every boy and girl, man and  
woman."You don't want to envy anyone in  
the city," he concluded. "Size is  
nothing; quality is what we want  
and we have it in the small cities."RE-ELECT BROOKS  
RED CROSS HEADExecutive Officers Named  
And Committee Chair-  
men Appointed.Charles T. Brooks was re-elected  
chairman of Salem chapter, American  
Red Cross, at a meeting of the board  
of directors, recently elected, Tues-  
day evening. Other officers re-elected  
were:Executive secretary, Mrs. Grant  
Woodruff; recording secretary, Miss  
Myra Erwin; treasurer, B. L. Flick;  
chairman of executive committee,  
Rev. H. L. Miller; vice chairman,  
Mrs. Frank Harris.The board appointed the chairmen  
of the various committees and each  
committee is privileged to select its  
members. The life saving com-  
mittee was an exception; the  
board choosing two members be-  
side the chairman, who can add  
others he desires. Here are the  
names of the chairmen:Nursing, Mrs. Hannah Manley; life  
saving, L. R. Chamberlain; Dr. Lee  
W. Atkinson; L. Frank Smith; chair-  
man of executive committee, Rev.  
H. L. Miller; luncheon, Mrs. P.  
E. Burckhoff; production, Mrs. Alice  
Paw; automobile, D. B. McCune.Rev. A. J. Manning is a member  
of the board, his name having been un-  
intentionally missed from the first  
list published.12 Bandit Suspects

TOURIST CAMP IN  
SALEM EXPLAINEDKiwanians Hope To Raise  
Funds From The Home  
Talent Show.Salem is to have this spring a first  
class tourist camp accommodating from  
35 to 50 touring parties.  
The camp will be located on the  
Park st. side of Centennial park. It  
will be constructed with money that  
will be derived by the Kiwanian club  
from their home talent musical show  
next Tuesday and Wednesday nights  
at the High School auditorium, called  
"Windmills of Holland," with a  
cast of 80 local actors.The Kiwanian club will establish  
this camp for the benefit of Salem.  
That a camp could benefit Salem is  
something that can only be realized  
after one is told just what a tourist  
camp is.In the first place, a motorist, with  
his family, who is traveling a short  
distance, or from coast to coast, has  
to stop somewhere to sleep, eat,  
stretch his legs, and seek entertain-  
ment. Many of the modern tourists  
carry their tents and camping equip-  
ment with them, or if the tourist does  
not carry such luggage he may want  
to stop at a town friendly to tourists  
for the night in the hotel.The tourist camp however, is for  
the benefit of those thousands of  
tourists who carry their own touring  
and camping equipment. The camp  
will be a graded shady spot on the  
east side of Centennial park with  
entrances on Park st. Walks will  
be graded and shaded, the ground will  
be made suitable for tents and other  
touring equipment, a shelter house  
is to be erected, a telephone installed,  
electric lights will be strung amply  
all over the camp, and a caretaker,  
who will also be an officer of the law  
will preside over the camp and see  
that all tourists are well taken care of.

The Windshield; Other  
Mishaps Reported.Mr. and Mrs. R. D. Hutchison were  
shaken up, and Mrs. Hutchison was  
cut about her face, when the car that  
Hutchison was driving on the  
Ellsworth rd. at 9:30 p. m. Tuesday  
was run into and wrecked by a car  
in which four men said to have been  
intoxicated, were riding.Hutchison stated that he was driv-  
ing slowly when he noticed a car  
careening from side to side of the  
road, coming at a fast speed, so he  
turned his car to the ditch and stop-  
ped.The oncoming machine, driven by  
a man whose name could not be learned,  
crashed into Hutchison's car,  
wrecking the front end. The impact  
threw Mrs. Hutchison head first  
through the windshield.The Chalfant wrecking crew helped  
Hutchison right his car, bringing the  
car and Mrs. Hutchison into the city.A small coupe was found unoc-  
cupied on the Albany hill last night with  
the front wheels torn off, the car evi-  
dently having crashed into the side  
of the road.A number of crashes were reported  
due to mud and ice. Several of  
these mishaps occurred in the city.GLASS CUT, DECORATED  
IN BOWMAN CO. PLANTInteresting Process Of Preparing "Blank" Glass For The  
Consumer Seen Here; Prepare To Increase Output.By H. P. BRAMAN  
Seven years ago a "glass factory"  
stood in quietly on this city, put up  
its cutting wheels and decorating  
plant in the old Grove chewing gum  
property on Broadway and started  
business with a bang.That plant was the George H. Bow-  
man Co. factory branch of the main  
office, retail store and wholesale es-  
tablishment in Cleveland. A high  
grade company making its own cut  
and decorated ware as well as selling  
the finest imported ware from for-  
eign lands, it was decided to open up  
a factory in Salem, the factory also  
to serve as the eastern shipping point  
and the storing place for the import-  
ed ware.With the expansion of the company  
a large number of expert glass cut-  
ters and decorators were brought to  
Salem and the factory got started.  
No glass is made in the plant, al-EXTENSION OF COX

STATE CONFERENCEMahoning Officials Urge  
Improvement At Meet-  
ing In Lisbon.Lisbon, Jan. 30.—Commissioners of  
Columbiana and Mahoning counties  
when at Columbus Thursday will dis-  
cuss with the state highway depart-  
ment the scheme of grading and sur-  
facing the Cox highway from West-  
ville west to Alliance.This was agreed to Monday, when  
Morgan and Charles A. Israel, and  
County Surveyor George Montgomery  
of Mahoning county held a confer-  
ence with Commissioners Patrick  
McNicol and Conrad Berg.Commissioner John F. Kerr of Sa-  
lineville has not been in Lisbon for  
two weeks on account of illness.The extension of the Cox highway  
along the north line of Knox and  
Butler townships and Smith and  
Goshen in Mahoning will be done on  
a joint county basis, the state shar-  
ing the cost with both counties.About one mile of this road is to  
be built along the line of Butler and  
Goshen townships, and the entire  
length of the line between Knox and  
Smith townships.Some months ago the trustees of  
Knox township discussed the im-  
provement of this highway but it now  
seems as though Knox is not in a  
financial position to go ahead with  
the improvement.The entire situation was reviewed  
by the commissioners of both coun-  
ties. A number of residents of Smith  
and Goshen townships accompanied  
the Mahoning county commissioners  
on their visit to Lisbon and urged  
the Columbiana county board to con-  
sider the improvement in a favorable  
light. Then it was decided that the  
proposition would be taken up with  
the state highway department at Col-  
umbus Thursday, when the county  
Commissioners Association of Ohio  
will be in session there.That the Wellsville-Salineville rd.  
will be surfaced during the highland  
west into Salineville during the early  
months of the summer now seems as-  
sured. Commissioners McNicol and  
Berg reviewed the financial condi-  
tion of the county in this respect late  
Monday afternoon, and it was dis-  
closed that the county is in a posi-  
tion to go ahead with its share of  
the cost.County Commissioner Patrick Mc-  
Nicol is standing squarely with the  
people of Middleton township for the  
surfacing of the East Liverpool-  
Youngstown Intercounty highway in  
that township with concrete. Com-  
missioner Berg wants a macadam sur-  
face.Twenty or more Middleton road  
boosters went before the commis-  
sioners Monday urging the adoption of

prominent glass makers who send

country that handle Bowman ware.Two Distinct Divisions  
There are two distinct divisions in  
the Bowman company's work. One is  
the high grade cutting and deco-  
rating division, and the other the  
cheaper grade of both cutting and  
decorating. The bulk of the business,  
however, is in the high grade thin  
ware that is in such big demand at

SEIZING BIG STILL  
AND MUCH WHISKYSalem Officers Find Sixty  
Gallons Of Hootch;  
Arrest Man.Special detectives working out of  
Mayor J. B. Schaeffer's court, assisted  
by Deputy State Prohibition Officer  
William Watkins, raided the farm of  
Martin Lutch, several miles southwest  
of the city, just off the Newgardener  
rd., about 11 a. m. Wednesday, seized  
a still, implements to manufacture,  
and about 60 gallons of corn whisky,  
some of which was destroyed.Sweeping down on the place the  
officers searched the house and  
finally found a still about five feet  
high, and one of the largest "hootch  
sets" ever found in or near Salem.  
Two tanks of compressed gas for run-  
ning the still, several stoves that  
operated by the gas, coils, and the  
large amount of whisky, were found.Lutch and members of his family  
had started for Salem and no one was  
in the house when the raid was made.  
The officers broke eight five gallon  
jugs of the white liquid, and brought  
four jugs containing 20 gallons with  
the complete outfit to the city hall,  
and then returned and arrested Lutch  
who arrived home just ahead of the  
second visit of the officers.Last year Mayor Post fined Lutch  
several hundred dollars on a first of-  
fense. At that time two stills were  
brought in and whisky valued at  
\$1,000 was destroyed. Lutch pleaded  
not guilty at that time because he  
claimed that a hootch ring supplied  
him with money and that he was  
merely the manufacturer.He will be arraigned before Mayor  
Schaeffer later in the day, charged  
with a second offense, the mayor in-  
dicated. It is thought that Lutch  
will again plead not guilty as he still  
maintains that certain Salem men derive  
the major benefit of his work, selling  
the hootch in other towns.ANDERSON READY

Known Dry Leader On  
Forgery Charge.New York, Jan. 30.—Backed by the  
Anti-Saloon league of New York, of  
which he is superintendent, William  
H. Anderson, nationally known dry  
leader, today prepared to fight his  
conviction as a forger by a jury in  
criminal court last night "in the  
highest court of the nation if need be."Anderson personally refused to  
comment. His friends, clergymen  
and dry workers, announced that an  
immediate appeal would be taken  
from the jury's finding, and every  
effort made to keep Anderson from a  
term in Sing Sing. He is to be sen-  
tenced Feb. 8.Four indictments remain against An-  
derson. They charge larceny and  
extortion. District Attorney Banton  
would not say whether these charges  
would be pressed.ALIENISTS SAY  
WOMAN IS LIVING  
IN DREAM WORLDChicago, Jan. 30.—With the testi-  
mony of two rebuttal witnesses and  
closing arguments by attorneys, the  
final court room scene in the Leland  
divorce drama was to be enacted to-  
day.Superior Judge Foell must decide  
whether Mrs. Charlotte Leland is  
mentally competent and has told the  
truth in her extended story of fervid  
romance with the Rev. Dr. Carl D.  
Case, pastor of the First Baptist  
church of Oak park, or whether, as  
the minister contends, she is neu-  
rotic and her account was the out-  
burst of unsuccessfully repressed im-  
pulses.Alienists are divided. Two of the  
trio who watched the manufactur-  
er's wife closely on the witness stand  
testified she was suffering from a  
"diseased imagination," "living in a  
dream world." The third said she was  
telling the truth.Doctors Say Fall Is  
In Serious ConditionWashington, Jan. 30.—Albert B.  
Fall, ex-secretary of the interior, is  
suffering from nervous exhaustion  
and is in a serious condition. His  
four physicians testified to this in a  
secret hearing called by the senate  
public land committee.If the committee wants to examine  
Fall's health, it will have to do so  
as there are no immediate prospects  
of Fall being able to go to the capitol.Alliance Man Missing  
Many Weeks Is FoundAllen Keller Identified By  
Relative; Dying In a  
Gary Hospital.Alliance, Jan. 29.—Allen E. Keller,  
Alliance, who disappeared mysteri-  
ously on the night of Nov. 29, is  
dying in a Gary (Ind.) hospital.Word to this effect was received  
here by Keller's wife, who left yes-  
terday for the Hoosier city.  
News of Keller's whereabouts  
came in a telegram sent by Bertha  
Keight, niece of Mrs. Keller who re-  
sides in Gary.The story of Keller's disappear-  
ance is a strange one. On the night  
of Nov. 29 Mr. and Mrs. Keller and  
another couple left Alliance by auto-  
mobile for Beaver Falls.

Between this city and Salem their

machine was wrecked, the two wo-  
men suffered painful injuries. Ac-  
companied by the second man of the  
party, the two women were taken to  
a hospital in Salem.Keller, who told his companions  
he was not badly hurt, remained  
with the wrecked car. After placing  
the women in the hospital, the sec-  
ond man obtained another machine,  
and returned to the scene of the ac-  
cident.When he arrived Keller had disap-  
peared. A search was instituted but  
no trace of the man found. Until  
Monday night, nothing had been  
heard of him.Mrs. Keller has expressed the be-  
lief that her husband was struck on  
the head in the automobile mishap,  
causing loss of memory. She believes  
he wandered off.Mystery Seen In Death Of

the most beautiful and talented post

lower.He got the idea from seeing a  
vaudeville performer swallow  
swords without apparent evil ef-  
fect.He bought 10 butcher knives  
in a five and ten-cent store and  
essayed to swallow them one by  
one. One stuck.

Stenke wrote on a pad of paper  
for one of the hospital nurses  
today.LIBRARY TRUSTEES

group of four meetings through the  
afternoon and evening.Following the afternoon sessions  
is the dinner at the Elks, when Mr.  
Wyland will address the adults in

the consequent interest in forming  
new troops of scouts and the renewed  
life in those already existent.

Lost By Deal.Washington, Jan. 30.—The Teapot  
Dome fight spread out over a far-  
flung battle line today.The Coolidge administration defini-  
tely set in motion the machinery to re-  
cover the Doherty and Sinclair naval  
oil reserve leases and to prosecute  
any persons found guilty of criminal  
wrongdoing in connection with those  
transactions.President Coolidge appointed the  
two special attorneys to prepare the  
government's case, Silas H. Strawn,  
Republican, of Chicago, and Thomas  
Watt Gregory, Democrat, former at-  
torney general in the Wilson cabinet.  
Strawn is in Washington and Gregory  
is enroute from Austin, Texas. Both  
have national reputations as lawyers.The appointments, not expected  
until the senate passed the Walsh  
resolution directing the president to  
select counsel and enjoin Sinclair and  
Doherty interests from further ex-  
tracting oil from the reserves, were  
made after administration leaders  
hurriedly communicated to the White  
House the prediction that the senate  
and house would adopt the Walsh  
resolution before adjournment tonight."The investigation will be thorough  
you may be sure of that," said Strawn  
today. "I can not, of course, give you  
an outline of plans until I have con-  
sulted with Mr. Gregory."Understand, however, that we  
may draw assistance from any source  
we desire, including the department  
of justice, although the inquiry is to

was their accompanist. Humorous read-

The Northwest Mounted Police will  
tell you tales that seem born in man's  
brain instead of being actual occur-  
rences of dogs that have saved human  
lives in the great Canadian north  
country. Of course such animals are  
trained in a sense for this sort of  
thing, but beneath the training there  
is a profound intelligence in the dog  
to be faithful, even at the risk of his  
own life.

Miss Grace Walter of this city, has  
been engaged as instructor in instru-  
mental music in the Northeastern  
Ohio Normal college at Canfield, to  
succeed Prof. Williams. Miss Walter  
is a graduate of the conservatory of  
music at Mt. Union college. Miss Sara  
Barkhoff, also of this city, will teach  
voice culture at this college. She has  
been studying under her mother, Mrs.  
Cora Barkhoff, who is a talented  
teacher.

Frank L. Dunlap, this city, on  
Thursday closed a deal for the  
chase of a restaurant and boarding  
house in Sebring.

Easter Sunday will come this year  
on April 3, which is about as early as  
it is possible for it to come.

Attorneys A. W. Taylor and Louis  
B. Harris of this city have formed a  
partnership under the name of Taylor

### The Best Cough Syrup is Home-made

Here's an easy way to save \$2, and  
yet have the best cough remedy  
you ever tried.

You've probably heard of this well-  
known plan of making cough syrup at  
home. But have you ever used it?  
When you do, you will understand why  
thousands of families, the world over,  
feel that they could hardly keep house  
without it. It's simple and cheap, but  
the way it takes hold of a cough will  
quickly earn it a permanent place in  
your home.

Into a pint bottle, pour 2 1/2 ounces of  
Pinex; then add plain granulated sugar  
syrup to fill up the pint. Or, if desired,  
use clarified molasses, honey, or corn  
syrup instead of sugar syrup. Either  
way, it tastes good, never spoils, and  
gives you a full pint of better cough  
remedy than you could buy ready-made  
for three times its cost.

It is really wonderful how quickly  
this home-made remedy conquers a  
cough—usually in 24 hours or less. It  
seems to penetrate through every air  
passage, loosens a dry, hoarse or tight  
cough, lifts the phlegm, heals the mem-  
branes, and gives almost immediate re-  
lief. Splendid for throat tickle, hoarse-  
ness, croup, bronchitis and bronchial  
asthma.

Pinex is a highly concentrated com-  
pound of genuine Norway pine extract,  
and has been used for generations for  
throat and chest ailments.

To avoid disappointment ask your  
druggist for "2 1/2 ounces of Pinex" with  
directions, and don't accept anything  
else. Guaranteed to give absolute satis-  
faction or money refunded. The Pinex  
Co., Ft. Wayne, Ind.

ton, who are located at 551 Fifth ave.,  
St. Petersburg, Fla., for the winter  
and known to many of the older  
residents as they formerly resided  
here, write they are well and enjoy-  
ing the land of sunshine and flowers.  
Mrs. Albright celebrated her 80th  
birthday Jan. 27. She was remem-  
bered by many of her old friends here  
by a post card shower.

Mrs. Lizzie Bradbury and daughter,  
Mrs. Charles Weikart, were Youngs-  
town visitors last Thursday.

Harry Marshall and family of Le-  
tonia spent Sunday with Mrs. Belle  
Marshall.

Mr. and Mrs. James Beavans, who  
were called here by the illness of her  
mother, have gone to their home in  
Alliance. Mrs. Exten was quite sick  
but is better.

Friends of Nellie Guy will be sorry  
to learn of her death from injuries  
sustained from being struck by an  
automobile in crossing the street at  
her home in Hollywood, Calif. on  
Saturday evening, Jan. 19. She was  
so badly injured that she died the  
next morning. She was the only  
daughter of Mr. and Mrs. Albert Guy,  
Lisbon rd. She is survived by one  
brother, Frank C. Guy, Higgins, Tex.

## Love For Dogs

A STORY from Detroit illustrates  
how genuinely some people  
come to love dumb animals. An al-  
derdale puppy walked too far out on the  
ice in the Detroit river the other day  
and became frozen. He howled for  
help and his cries answered by a 64-  
year-old man crawling over the treach-  
erous surface until he could chop the  
little fellow loose. Then he brought  
him to shore and wrapping him up  
soon had him thawed out so that he  
could enjoy life again. The circum-  
stance is unusual, and yet precedent  
is not wanting to demonstrate how  
fondly one can become attached to a  
dog.

In Salem Tuesday morning a moter-  
man stopped his car and rescued a  
small pup from the Stark Electric  
trestle, risking his own life by walking  
along ice-covered girders where foot-  
ing was very insecure. He gave the  
dog a warm berth near the stove and  
proceeded on his trip westward.

From this inherent fondness and af-  
fection on the part of masters comes  
in some measure the love and devo-  
tion of dogs for men. The man in  
question risked his life in his enter-  
prise. Plenty of people perhaps would  
have taken the stand that it was a  
foolhard trick, taking a chance of los-  
ing a human life simply to rescue a  
dog. Yet human nature is so consi-

derate people that they cannot  
strain a point to bring relief.

Close relationship between the  
dog and the man in any instance, or  
between the dog and the boy, is of  
such a character, generally, that

## NEW FARM BUREAU OFFICIALS BEGINS DUTIES IN COUNTY

Lisbon, Jan. 30.—Phil E. Heim, farmer and live stock shipper, for merly of Novelty, O., but now of Lis bon, has installed offices in the Farm Bureau headquarters.

This is the beginning of a new deal just put over by the Columbiana County Farm Bureau for the benefit of the farmers and livestock ship pers of this community and also for Smith and Goshen townships in Ma honing county.

Mr. Heim will be in touch at all times with the purchasing agents of every township farm bureau in the county and the work he will do will relieve George Wilkinson of Sa lem, in the purchasing and distribution of fertilizer, lime, time and seed pota toes.

He will also relieve Dallas F. Hahn of Homeworth in the shipping of live stock.

Mr. Wilkinson will hereafter look after the purchasing and distribution of fertilizer, lime, time and seed of potatoes in Butler and Salem townships in Columbiana county and town ships in Columbiana county and the same commodities in Smith and Goshen townships in Mahoning coun ty.

Mr. Hahn will look after live stock shipping only at Homeworth and Mr. Heim will have charge of ship ping at all other points. In addition to this work, Mr. Heim will also look after the purchase and distribution of fertilizer, lime, time and seed of potatoes in all other townships, acting in harmony with the purchasing agents of the township farm bureau.

He is a full time man with county activities of the farm bureau have increased so rapidly within the last two years that a man to fill such an important position as that assign ed to Mr. Heim was deemed a matter of necessity.

Mr. Heim has been a live stock shipper out of Bucyrus and was suc cessful in farming himself. He is a young man deeply interested in farm bureau work and knows the practical as well as the scientific phase of farming and live stock shipping.

"I'm here to help in any way and in every way I can," Mr. Heim declared.

## DAVIS CANDIDATE FOR GOVERNORSHIP

Banquet Speech Construed As Announcement; Har ris Considering.

Cleveland, Jan. 29.—Harry L. Davis of Cleveland, former governor of Ohio, is again a candidate for that office at the Republican primaries next Au gust.

This was the construction today placed upon his speech on "the state administration," delivered before the Tippecanoe club at the annual Mc-Kinley day banquet of that veteran Republican organization, when, after extolling the record made by him self and associates in 1921 and 1922, he attacked the administration of his successor, A. V. Donahay, Demo cratic, for its alleged failure to keep its pledges, and announced that he was "one who still is interested in the af fairs of the state and who will do everything within his power to make it a better place in which to live."

This declaration, it was predicted by former Gov. Davis' friends today, would shortly be followed by a di rect announcement of his candidacy for the governorship, and the begin ning of an active campaign for the nomination.

It was also reported that George B. Harris, member of the Republican state committee, would soon enter the lists, provided Congressman Theo dore Burton declined the importun ities of organization leaders to enter the fight.

Mrs. Agnes Trueheart

Mrs. Agnes Trueheart of New York city has had her husband arrested for bigamy, telling one of the strangest marital stories on record. Mrs. Trueheart alleged she had been paying part of the expenses of her hus band's second wife, but when he demanded more money she balked. Mrs. Mrs. Lesbia Laurence Trueheart, the second wife, corroborated the story.

## MCDONALD SEEKS FRENCH ENTENTE

New British Premier Says Differences Should Be Settled.

London, Jan. 30.—Premier Ramsay MacDonald, head of Great Britain's new Labor government, has made overtures to France for renewal and strengthening of the entente cordial, it was learned this afternoon.

The new cabinet's action comes in the face of accusations by Laborite leaders that France is militaristic and is sowing the seeds of future discord in Europe.

Unusual speed is being made by the Labor cabinet in dealing with domestic and foreign problems. These tackled so far include:

Domestic strike troubles, housing shortage, unemployment, reparations and debts, recognition of Russia, disputes with France.

Premier MacDonald and Premier Poincare of France have exchanged letters, the former stating that the differences between the two countries are causing unrest and should be settled without delay. Great Britain, MacDonald said, is willing to meet France half way in solving the prob lems troubling the two powers.

Premier Poincare immediately re plied in a conciliatory tone opening the way for a conference.

## CASES ASSIGNED FOR TWO COURTS

Two courts will be in session next week, Judge James G. Moore presid ing in No. 1 and Judge William F. Duncan of Findlay, O., in No. 2.

Eleven cases have been assigned for trial before Judge Moore and 15 before Judge Duncan.

Judge Moore in addition will hear

10 divorce cases Friday of next week, two of which will be contested. In these contested actions, Atty. P. M. Smith will represent Lolo Joy in her action against Harold Joy, who will be represented by Lones, Hill & Davidson.

In the action filed by Clem Allison against Mabel Allison, Attorneys Ben L. Bennett and G. Jay Clark will represent the plaintiff and Lones, Hill & Davidson the defendant.

The eight other divorce actions are uncontested.

## SOCIETY

## W. C. T. U. Program

A program on Good Citizenship was given at a meeting of the W. C. T. U. Tuesday afternoon at the home of Mrs. Anna Edgerton, East School st., with Mrs. Emma Monroe in charge.

Mrs. Monroe gave a poem entitled "Pioneer" and also a talk. Other numbers were:

"Obituary of John Barleycorn," Mrs. Bertha Malmberg; "Ten Little Arguments Come True," Mrs. Myrtle Boother; "The Testimony of the Children," Mrs. Mary Snyder; "Testimony of the Bankers," Mrs. Laura Garside; "The Tale of a Troublesome Fraction," Mrs. W. A. Leatherberry; "Facts," Mrs. Edgerton; talk on "Prohibition," Mrs. Laura Schilling.

In two weeks the members will meet with Mrs. Catherine Finney, East Sixth st.

## Marriage Licenses

A marriage license has been issued to Wallace S. Stewart, an auto mechanic, and Miss Gertrude Cobb, daughter of Mr. and Mrs. Emanuel Cobb, both of Salem. They were married at the parsonage of the Lisbon Christian church by Rev. P. M. Kendall. The bride is a graduate nurse and is well known in the northern part of the county.

## A Birthday Party

A party Tuesday evening at the home of Mr. and Mrs. C. D. Carr, Ellsworth rd., celebrated the birthday anniversary of Mrs. Carr. An oyster supper was served and the evening enjoyed socially. Mrs. Carr received some gifts. The celebration was arranged by Mr. Carr.

## Mrs. Greenberger Hostess

A group of women who are club associates were guests at luncheon Tuesday of Mrs. E. Greenberger, McKinley ave. Bridge entertained during the afternoon. In two weeks the members will meet again.

## Operators Have Party

Operators at the Columbiana Telephone exchange enjoyed a party Tuesday evening at the home of Mrs. Roy Kerr in that village. Cards were the chief diversion.

John Bolger, who has been confined to the Central Clinic hospital on account of injuries sustained in a fall a few weeks ago, has returned to his home, McKinley ave., and it is thought that he will be able to be out the first of the week.

Mr. and Mrs. H. G. Blackburn, Connelville, Pa., are visiting at the home of their son and wife, Mr. and Mrs. C. G. Blackburn, Rose st.

Max Stadelbauer, who has been ill, resumed his duties at the Pennsylvania freight office Wednesday morning.

Mrs. P. H. Fageley, of Pittsburg, is visiting her daughter, Mollie Brooke, Main st.

Miss Mae Kelley, West Green st., who has been ill, is able to be up again.

## MUSCLE SHOALS GOES ON AUCTION BLOCK IN HOUSE

Washington Jan. 30.—Muscle Shoals went on the auction block today and prospects appeared favorable that the famous power plant will have a new owner soon.

The house military affairs committee went into secret session today to consider final disposition of this great plant on which the government has spent more than \$100,000,000, and draft the legislation necessary to turn it over to a private operator under sale and lease.

Henry Ford is the leading bidder for the entire plant, with two rivals, the Associated Southern Power companies, headed by the Tennessee Electric Power company, and Elon H. Hooker, of Niagara Falls, president of the Hooker Electro-Chemical company.

Ford has offered to take the properties under a 100-year lease paying therefore \$100,000,000 during the life of the lease, and to keep up government interest charges, with guarantees to manufacture 40,000 tons of fertilizer nitrates from which 200,000 tons of commercial fertilizers could be manufactured annually.

He would sell this fertilizer to farmers at cost-plus 8 per cent. Ford would reserve the power.

The Southern Power companies want the power for distribution in the southern states subject to price regulation by the state utilities commissions and by the federal power commission. They ask a fifty-year lease and offer rentals which they figure will give the government \$150,000,000 during the lease period. They guarantee 50,000 tons of fertilizer nitrates annually, or more if possible, and agree to sell at cost-plus 8 per cent. The latter never to exceed \$2 per ton.

The Hooker proposal is for continued government ownership and maintenance of the Muscle Shoals project, the operation to be by a private company which shall take one fourth the profits remaining above a plan amortizing the government expenditures during a 50-year period.

## De Wolfe Hopper Is Divorced Fifth Time

New York, Jan. 30.—The fifth matrimonial venture of De Wolfe Hopper, musical comedy star, ended in failure today when Mrs. Edna F. Hopper, known on the stage as Hedda Hopper, was granted an interlocutory decree of divorce and custody of her seven-year-old son, William, by Supreme Court Justice Van Slieden in Queens county.

She was granted 30 per cent of her former husband's salary as alimony, with the stipulation that the amount at no time be smaller than \$500.

## RAIL ARBITRATION BOARD WILL MEET

Three men selected as a board to arbitrate the difference existing between the employees of the Youngstown & Ohio railroad and the company will go to West Point Friday morning to view the spot where a passenger car ran into an open switch and which later caused the dismissal of three employees.

The board held a preliminary meeting at Leetonia Monday afternoon, and in addition to the decision to go to West Point Friday, Leetonia was also selected as the place where evidence would be heard.

Attorney S. W. Crawford of East Liverpool, an arbitrator, and Attorney Charles C. Connolly of Lisbon of counsel for the employees wanted the joint conference to be held in the court house, where arrangements were made for the use of Court Room No. 2, but this suggestion was opposed by the other two members of the board of arbitration.

## DENTAL STUDENT MURDERED, BODY PLACED IN CREEK

Cincinnati Jan. 30.—The body of John A. Macgill, 25, dental student at Ohio Dental college, was found half submerged in Buck creek, in Norwood this morning.

The victim had been stabbed, shot through the head and his face battered. He was murdered some time during the night.

Motives for the crime may have been revenge or robbery. His money was untouched but a large diamond ring was missing. Police are working on a clue involving a young woman in Norwood.

## \$20,000 IS TAKEN BY BANK BANDITS

Chattanooga, Tenn., Jan. 30.—The Farmers bank at Jasper, Tenn., 20 miles from here, was robbed of \$20,000 this morning by two white bandits who followed the cashier into the building when he opened the bank for business.

They escaped in an automobile but not until after the bank officials had obtained a description of them.

## Fear Vessel Missing Since December Has Met Fate Of Cyclops

Halifax, N. S., Jan. 30.—Fear that the Holland steamer Papyrus, formerly the Susquehanna, sailing under the American flag, may have met an unexplained fate similar to the Cyclops was expressed here today.

The Papyrus, a 3,000-ton steamer loaded with alcohol consigned to Halifax, sailed from Antwerp on Dec. 8. She has not been heard from since, and the belief was expressed that she sank with all hands aboard.

Gales raging off the Nova Scotia coast for the past week have caused considerable loss to shipping.

## Teapot Dome Flurry Does Not Worry Him Declares Daugherty

Miami, Fla., Jan. 30.—"Teapot Dome business does not worry me in the least or else I would have remained in Washington," Attorney General H. M. Daugherty said today.

The attorney general is secluded in a local hotel and closely guarded by department of justice men and his secretary.

When asked what he thought about the attempt in the senate to oust him from the president's cabinet, Daugherty simply said:

"There is no necessity for any statement."

## Mine Workers Reach Wage Debate Today

Indianapolis, Jan. 30.—The most momentous question to the United Mine Workers convention, that of wages, was to come before the delegates meeting here after the disposal of the question of constitutional changes.

The proposal to take away from the president, J. L. Lewis, the power of appointing field workers and organizers, provoked the most sharply drawn struggle since the convention began more than a week ago.

## Hinkel's Wife Gets \$60,000 As Alimony

Cleveland, Jan. 30.—An award of \$60,000 in cash and \$200 per month for five years as alimony was on record in common pleas court here today in favor of Mrs. Minnie Hinkel against her husband, Matthias J. Hinkel, nationally known fight promoter and referee. Mrs. Hinkel in her suit charged cruelty and abandonment. She said that her husband had amassed a fortune of half a million with her aid. They were married in 1889.

## APPOINT LEADERS FOR SCOUT TROOPS

Three New Scoutmasters Take Charge Of Boy Scout Troops.

Ralph R. Miller was installed as scoutmaster of Troop 3, Boy Scouts, at the Monday evening meeting, following the resignation of George Meiser, who is traveling in the shoe trade.

George E. Trisler was placed in charge of Troop 1 as their scoutmaster at the Tuesday evening meeting. This troop has been operating under the leadership of Assistant Scoutmaster Sam Davidson, Theodore Greer during the absence of Scoutmaster Sam Coles.

Harry Clay has just recently been advanced to scoutmaster of Troop 4, he having served as assistant scoutmaster since the resignation of Scoutmaster J. P. Harman.

Enough men have been recently recruited by Scout Executive Lee R. Chamberlain to complete the leadership personnel of all the troops in Salem, by the addition of at least two assistant scoutmasters to each troop. These additions will take place with the resumption of the Scout Leaders' Training Course immediately following the Wyland meetings.

Troop 3 had the honor Tuesday of the raising and lowering of the Library-Legion flag, in honor of McKinley's birthday.

senatorial accusers that he would stick by his guns and did not intend to resign under fire. He reiterated that the leases were beneficial to the government, the navy and the public interests.

From the White House came the definite information that President Coolidge was going to stand squarely behind his cabinet officers, Denby and Daugherty, unless they should be adjudged guilty in court of betrayal of public trust or of criminal acts in conjunction with the leases.

In addition to Senator Wadsworth's amendment resolution, with which, in principle at least, virtually the entire senate was in agreement, the upper chamber also has pending resolutions by Senators Robinson, Democrat of Arkansas, and Wheeler, Democrat of Montana, demanding immediate resignations of Denby and Daugherty.

## Griffis Is Released From German Prison

Washington, Jan. 30.—C. H. Griffis, ex-American army officer, was released this morning from a German prison in which he had been serving a 21 months sentence for attempting to kidnap Grover Cleveland Bergdoll, American draft dodger, according to a cablegram to the state department from the American embassy in Berlin.

## Wife Takes Savings, Elopes With Suitor

Columbus, Jan. 30.—Pasquale Borghesi, Italian, put a stiff proposition to police when he asked them today to locate his wife, eloping with a fellow countryman. Borghesi said his wife took \$8,000 of his money and the suitor had \$14,000.

## Girls! Use Lemon To Whiten Skin

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quart-pint of the most wonderful skin whitener, softer and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It cannot irritate. Famous stage beauties use it to bring that clear youthful skin and rosy-white complexion; also to soothe red, rough or chapped hands and face. You must mix this remarkable bleach yourself. It can not be bought ready to use because it acts best immediately after it is prepared.

## OBITUARY

## George W. Conser

George W. Conser, 54, for 10 years a resident of Alliance, died at his home in Hanoverton Monday night from a hemorrhage of the brain. He had been ill about a year.

Last August Mr. Conser moved to Hanoverton. He had been an express messenger for about six years, retiring about three years ago.

Funeral service will be held at the Christian church in Hanoverton at 2 p. m. Saturday. The body will be taken to Alliance by cemetery under the direction of the Knights Templar.

Deceased is survived by his wife and one brother, Frank, of Red Bank, Cal.

## Hannah Woolf

East Rochester, Jan. 29.—Funeral service for Mrs. Hannah Woolf, aged 74, was held at the family home near here Tuesday afternoon. Burial in the North Georgetown cemetery.

Mrs. Woolf was stricken with paralysis Saturday evening while eating potatoes from the cellar. She was found some time later by her husband on his return from the barn. She died late Saturday night without regaining consciousness.

Mrs. Woolf's maiden name was Conser. She is survived only by her husband.

## Mrs. Jane Wymer

Pneumonia caused the death of Mrs. Jane Wymer 69, of Pittsburgh, formerly of Salem, Tuesday night.

Mrs. Wymer, who was born in Pennsylvania, lived in Salem for 40 years, going to Pittsburgh about two years ago.

Surviving are four daughters, Mrs. Anne Mercer, Youngstown; Mrs. Lizzie Davis, Salem; Mrs. Rachel Kipp, Canton; and Mrs. Mabel Crook, Pittsburgh, also one sister, Mrs. George Brown, Salem and three brothers, James French, Clarkson; Milo French, Negley and John French, New Brighton, Pa.

Wednesday evening the body will be brought to the Brown home, Perry st., and funeral arrangements probably will be announced Thursday.

## Mrs. William Cook

Mrs. William Cook, 73, who had spent the most of her life in the vicinity of Unity, died at her home there Tuesday. She had been ill only a few days of pneumonia, which was the cause of her death.

Recently Mr. and Mrs. Cook celebrated their 50th wedding anniversary.

Besides her husband she is survived by five sons: Arthur, Roy and Alva, at home; John, of Poland, and S. B. Cook, of Agar, S. D.; also one sister and one brother, both at Columbus Grove, O.

The funeral service will be held at 2 p. m. Friday at the Poland Presbyterian church, with burial in the Poland cemetery.

## Henry L. Burns

Funeral service for Henry L. Burns 64, who died in Youngstown at 1:30 p. m. Monday of tumor of the brain, will be held at 11 a. m. Friday at the Brothers church Woodworth; interment in North Lima cemetery.

Mr. Burns was born and reared in East Lewistown and lived there until a few years ago when he moved to Youngstown. Surviving are his widow three sons and two daughters. Mr. Burns was known in the vicinity of Salem.

## STOCKS

## MARKET IS STIMULATED

New York, Jan. 30.—Stimulated by the extra dividend of the U. S. Steel corporation and its remarkable earnings statement for the last quarter of 1923, the stock market opened very strong today.

Industrial shares jumped from one to nearly six points. Davidson Chemical rising 5 1/2 to 58. U. S. Steel rose 2 1/2 to 106; Bethlehem Steel 2 1/2 to 60; Gulf States 1 1/2 to 85 and Baldwin 1 1/2 to 124 1/2. Studebaker gained 1 1/2 points to 102 1/2; Chandler Motor 3/4 to 62 and U. S. Rubber 1/2 to 39 1/2.

Pan American Petroleum advanced two points to 50; Phillips Petroleum one point to 49 1/2; Cosden Oil 1/2 to 57 1/2 and Marl Oil at 39 1/2 and Pacific Oil at 51 1/2, up 1/2.

Railroad shares were firm. General Electric rose 3 1/2 to 215 1/2.

## PLANS FOR TOURIST CAMP

Continued from First page

Signs will be tacked up on all available places on roads leading into Salem advertising the free tourist camp, and inviting the motorist to try in Salem.

In deciding to erect a tourist camp for the free use of motorists the Kiwanis club believed that it would be one of the finest booster things that a club could do for the city. The tourist is the first place will always speak well of a city that treats him in such a friendly way.

More people will be drawn here, and may settle here permanently. Those that stop in Salem will spend some money that will benefit Salem merchants and business houses. This money may go for meals, provisions, clothing and personal furnishings, entertainment, gasoline, oil, auto accessories, repairs of all kinds, and any other merchandise that the tourist needs in his travels.

All the money that the Kiwanis club derives from the two performing "Windmills of Holland" will go toward establishing the camp. The camp, however, is a costly thing, and the club has decided to raise the money through the medium of the show, which will give fine entertainment in return for the money spent for tickets, and that money will go direct into making Salem a more popular place for motorists.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

## \$15,000 DAMAGE SUIT BEING TRIED

Evidence in the \$15,000 damage case of Flora Stanley Kelley of Valley, against Gilbert McDonald of Damascus, which was on trial in common pleas court Tuesday before Judge James G. Moore, will probably reach the jury today.

It is set up in the petition of the plaintiff that MacDonald left a truck standing on the Valley-Damascus rd. the evening of Nov. 23, 1921, without lights and unattended, and in some manner the truck started and crashed into a spring wagon in which the plaintiff was riding. The wagon was partially wrecked and later the plaintiff had to consult a physician, which cost her \$125, for which she asks judgment and also for costs and damages.

## EXTENSION OF COX HIGHWAY

(Continued from first page.)  
 the estimate calling for a concrete surface.

"We want a road that will stay put and not one that will have to be repaired a few years after it is down" is the way the Middleton delegation expressed themselves.

As soon as a right of way is secured by farmers in Hanover township, that will permit the hauling of stone over private lands, the Linder-smith rd., extending from the Lincoln highway to the Dugannon-Shirk rd., will be hard surfaced.

This was agreed to by the county commissioners Monday afternoon and at the same time \$1,000 was promised those who will do the work in payment for the grading of the road, which was done by farmers whose lands abut the highway.

Tatgenhorst & McLaughlin will begin grading on the East Liverpool Wellsville rd this week. The firm has so informed County Surveyor Lloyd C. Kirk of its intent, also of the fact that because of the several slips on this road between Brady's Cut and the Jethro viaduct west of Liverpool there will be extra grading above the 18,000 cubic yards figured on in their original contract with the state highway department.

## Extra Police Guards Given Experts When They Reach Berlin

Berlin, Jan. 30. — Extra police guards were furnished by the government today to members of the first committee of international reparations experts, headed by Gen. Charles G. Dawes, which arrived last night from Paris.

For the most part the committee was hailed as a harbinger of hope but some reactionary newspapers, notably the Deutsche Zeitung, attacked it, inflaming the imagination of young nationalists.

For fear that fanatics might attack members of the committee, the government decided to give police bodyguards to the members and special precautions were taken to guard the hotel where they lived and the office where they were meeting.

RED PEPPER HEAT  
ENDS RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quick relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any good druggist for a jar of Rowles' Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

New System Prepared For  
Property Reappraisal;  
Big Task For This County

Lisbon, Jan. 30.—The problem of re-appraising land and buildings in county, and this will bring the total of these parcels now listed at \$2,069,000 one of the largest undertakings of the kind ever experienced. The mass of detail, not only the gathering of value statistics in the field, but the assembling of this data in proper form adds to the importance of the work.

There is to be no hit or miss data recorded in the re-appraisal of manufacturing plants, public utilities, mining operations and the like all such re-appraisal will be done according to a system that has been approved by accountants and state officers under whose direction the work is being done.

A particular system is also to be used in the re-appraisal of lands and buildings. The old scheme of looking at a vacant lot and the assessor placing a value thereon, or a home likewise, will not be the rule followed in the forthcoming re-appraisal task. The system of appraising as will be followed in this county has the approval of the state tax commission, and will be similar to the system used in all states.

Many Parcels of Land  
As an illustration of the immensity of the task of re-appraising all lands and buildings in Columbiana county, it is to be recalled that approximately 10,000 parcels of land are to be valued and approximately 35,000 lots, all of which are unimproved.

In this connection it should be explained that the word "parcels" means acreage not plotted, while the word "lots" refers to plotted acreage. There are several thousands of lots in the county that have been laid out in additions, but which have not been plotted.

The report of the appraisers on natural resources will include boilers, engines, generators, switchboards and wiring, compressors, receivers with piping, pumps, haulage motors, mining machinery, locomotives, freight cars, mine cars, empty car hauls, scales, mine fans, mine trackage, tramway, incline, trolley piping, tipples, saw rigs, drilling rigs, storage tanks and livestock.

Names Are Submitted  
It has been determined that in the re-appraisal of all effects of manufacturing interests and public utilities, such work shall be done under the direct supervision of men who are experts in such appraisal work. Ordinary land appraisers, such as will be selected for ordinary appraisal work, will have nothing to do with the re-appraising of these properties. The various district advisory boards who have been asked to nominate appraisers for their districts have been forwarding their lists to County Auditor Hamilton and perhaps next week the auditor's office will be in a position to announce the names of the appraisers for all townships and other taxing districts.

What We Forget  
Between  
15 and 50

Schools teach, and nearly every home applies the rule against coffee and tea for children.

When middle age comes, a great many people remember the facts about the caffeine drug of coffee and tea, and how its regular use may disturb health. Often they have cause to remember what it has done to them.

How much better it would be not to forget—and avoid the penalties!

Postum is a pure cereal beverage—delightful, and safe for any age—at any time. Good for breakfast at home, for all the family; good for lunch at the club or restaurant; good with the evening meal; good with a late night dinner—good on any occasion. Postum satisfies, and it never harms.

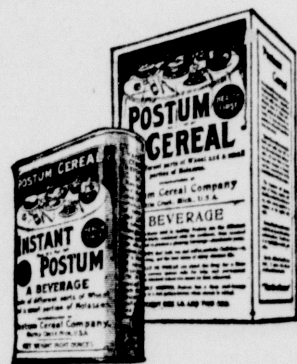

Why not be friendly with health, all the time?

## Postum

for Health

"There's a Reason"

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer the flavor brought out by boiling fully 20 minutes. The cost of either form is about one-half cent a cup.

## UP TO SOLONS, SAYS DONAHAY

Gov. Donahay Powerless to Call Special Session, He Holds.

### REPLIES TO CITY OFFICIALS

Bus Operators Raise Interesting Question in Their Contest With Railroads For Transportation Supremacy—Willis as Coolidge's Running Mate Suggested by Ohio Congressman.

Columbus, Jan. 30. — For the second time within a week Governor Donahay has made known his attitude in the matter of a special session of the general assembly to consider the financial plight of various Ohio cities. Answering a communication from city officials of Marion, the governor refused to call a special session to enact legislation to aid cities which are short of funds for operating purposes. He declared he was powerless to call a special session, although Attorney General Crabbe unofficially disagrees with this.

"Instead of a 'jointing,' said Donahay, 'the general assembly recessed for five minutes for the sole purpose of tying my hands and preventing me from calling them into extraordinary session if I so desire. Whether or not there will be another session of the assembly is entirely in the hands of the officers of the house and senate, who have the sole power to reconvene the legislature.'"

Governor Donahay declared that he is inclined to believe that Marion, like many other Ohio cities, is "having trouble" from past folly and extravagance. Citing the fact that the people of the United States pay \$5,000,000,000 annually for governmental expenses and operation, and so long as I am governor of Ohio I am going to resist any further effort to take taxes, directly or indirectly, from the people unless a majority of the qualified electors, residents of a taxing district, shall so authorize."

In the contest between the motor bus and electric and steam railroad interests in Ohio for supremacy in transportation, an interesting legal question has been raised by the Red Star Transportation company, operating between Columbus and Portsmouth, in appealing to the state supreme court for a reversal of the public utilities commission's decision denying the company the right to operate their buses over that route. The bus company raises the following point as to the interpretation of the Collier-Freeman act regulating bus transportation:

Did the legislature intend to confer upon the utilities commission authority to deny motor vehicles the rights and privileges of operation on the public highways, when in the opinion of the commission, steam or electric roads are rendering sufficient and adequate service, but to deny the commission the right to refuse the railroads permission to construct their tracks and operate trains when in the opinion of the commission motor vehicles were rendering adequate service?

The Red Star company recites that the utilities commission denied them a certificate of convenience and necessity to operate a motor vehicle on Jan. 2, after the Scioto Valley Traction company and the Scioto Bus company had protested against the granting of such certificate. A rehearing was denied on Jan. 10, the petition says.

Governor Donahay issued a proclamation designating the week of Jan. 27 for observance in Ohio as part of the nation-wide movement for an amendment to the federal constitution to permit a federal law regulating child labor. "Ohio is proud of its child labor laws and its compulsory school attendance laws," said the governor. "After we in our state protect our own children we do not want to be confronted with the problem of dealing with the unfit that migrate to Ohio from other states where there is a lack of proper legislation."

Federal child labor laws enacted by congress have twice been held unconstitutional, Donahay added, and an amendment to the federal constitution is consequently made necessary. He urged that churches discuss the problem Sunday, Jan. 27, and that civic and other organizations consider it during the week.

Congressman Frank Murphy of the Steubenville district is one of the promoters of the boom for Senator Frank B. Willis for the Republican vice presidential nomination. "Ohio Republicans ought to get behind an Ohio man for second place on the national ticket," said Mr. Murphy. "I expect to attend the national convention and I am going to do everything I can to bring before the convention the availability of Senator Willis as a running mate for Coolidge. Willis is a good man. We citizens have a good many things to say in favor of a Coolidge-Willis ticket. Ohio is an important state politically and the nomination of Willis for vice president will help us to put the state in the

national electoral college. But in addition to this, President Coolidge needs a man like Willis as his running mate. Everybody knows that while the president is an able man he is not a popular speaker, who can go out and rouse the multitudes. Senator Willis is such a speaker."

Congressman Murphy registered frank disapproval of the absence of Republican organization leaders and workers that has been called to take place at Columbus this week. "I am opposed to this conference," said Mr. Murphy, "because there is bound to come out of it an impression that it was called to set up the pins for a certain race to be voted for as delegates-at-large to the Cleveland national convention. The Eighteenth Ohio district, which I have the honor to represent in congress, is not a political-hood district and I do not believe that the people of Ohio want to be bossed politically."

Word from Washington is to the effect that either James R. Garfield of Cleveland or Arthur L. Garfield of Elvira may be the second choice of Coolidge delegates from Ohio to the Republican national convention. Senator Frank B. Willis and Representative Theodore E. Burton both having declined the honor, preferring to stand for election as delegates-at-large. Hoke Donithen, Ohio manager of President Coolidge's pre-inauguration campaign, was at the national capital to discuss the second choice problem with Ohio leaders as well as the personnel of the "big seven" delegation-at-large. Garfield's name, proposed for second choice, has met with general commendation. Should he decline for any reason to run it is believed Garfield would consent. Garfield and Garfield were respectively Progressive candidates for senator and governor in 1912.

The "big seven" problem is more puzzling for Donithen, owing to the numerous candidates for delegates-at-large. The list now includes Senator Willis, Senator Simeon D. Peas, Attorney General Harry M. Daugherty, Colonel William Cooper Proctor of Cincinnati, Representative Burton of Cleveland, former Governor Harry L. Davis of Cleveland, former Representative Charles L. Knight of Akron, Mrs. David Tod of Youngstown and Mrs. John G. Battelle of Columbus.

Because John E. Harper, director of public welfare, has been unable to find a man he regards as suitable to head the state department of juvenile research, Dr. E. M. Baehr will, at the request of Mr. Harper, remain until Feb. 1. This announcement was made at the department of public welfare. It also became known that there are several applicants for the position as chief neuropsychiatrist, which pays a salary of \$5,000 annually. Mr. Harper has been in correspondence with several men of national reputation and expects to have a new man by the end of the month.

J. F. Walker of the Ohio Farm Bureau Federation announced that with the sale of the 4,000,000 pounds of wool pooled by Ohio growers for cooperative disposal during 1923 nearly completed, preparations for handling the co-operative marketing of the 1924 clip are being made rapidly. Sales work this year will differ slightly from that of the past, due to changes in the organization of the Ohio Sheep and Wool Growers' Association to come under the Farm, Worth-Green marketing act, Ohio's latest co-operative law.

A new contract to cover the relationship of the state sales agency and the individual producer now is being signed rapidly by growers in all of the important wool counties of Ohio. It does not become effective until 3,000,000 pounds of wool are included in the signature of growers to the marketing agreement. When this volume is reached, an election will be held by the contract signers for their representative in the new association, and the reorganization of the wool association will be completed. Wool consigned for co-operative sale under the new agreement will be forwarded to warehouses provided by the association, the largest one of which is at Columbus. More than 3,500,000 pounds of wool passed through it in 1923.

Persons interested in the elimination of tuberculosis will meet in this city Friday in the quarterly session of the Ohio tuberculosis hospital superintendents' conference, to be held at the Franklin county tuberculosis sanatorium. They will gather at the Ohio department of health, in the Hartman-Ohio building, just before noon, whence they will be taken to the sanatorium for luncheon.

One phase of the session will be plans for broadening the scope of the organization, active membership in which is limited to superintendents and staff members of tuberculosis sanatoria and others officially interested. It is proposed to admit physicians and others actively engaged or interested in tuberculosis work. If this plan carries it has been suggested to change the name to "The Ohio Tuberculous Society," in honor of Dr. Charles Trudeau of Saranac Lake, a pioneer in tuberculosis sanatorium work.

Among the papers to be presented will be one on "Chest Tumors," by Professor George Heiser of the Cincinnati Medical University, and one on "Dental Surgery in Sanatoriums," by Dr. Cope of Dayton. Dr. W. C. Breitenbach of Dayton is president of the conference, and Dr. J. A. Frank, chief of the bureau of tuberculosis (Ohio department of health), is secretary.

## ARM TORN BADLY IN PLANT MISHAP

Leetonia, Jan. 30. — But for the action of a nearby man in stopping the machinery at the Cherry Valley furnace filtering plant at 1623 Sunday, Nat Butch, 29, a graduate of the local high school, would have lost his life.

Butch was cleaning a pulley at the plant where he is employed when a glove caught in a revolving belt. In an instant he was pulled in by the rapidly moving belt and his right arm almost severed from the body, the flesh, muscles and tendons on the side and breast being badly torn. The injured man was released and hurried to Salem City hospital where two physicians are doing all possible to save the arm and are giving hope that it may be done.

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

## "What It Costs To Run Our Business"

Did you ever stop to think that all our business is done on a credit basis? You use as much electricity as you want this month and pay for it next month. Every customer on our books is a charge customer.

**"Buy Now Pay Later"**

Business men know what it costs to carry accounts. Many merchants who do a large extended payment business charge a small fee extra for this convenient service. But a public utility must count the extra expense as part of operating costs.

While you get credit from us, we have to pay cash for many commodities in order to buy at a price or to get the supplies at all. It takes a vast sum of money to swing a business on this basis. Sometimes it's all outgo and very little income.

## "Make Salem A Home-Ownning Town"

## IN A CLASS BY ITSELF

Good farm of 55 acres located on Ellsworth road, just outside of city limits. This land is in the highest state of cultivation. About 35 acres under cultivation, balance in pasture with about three acres of orchard. Not a foot of waste land. Improved with a good two-story 12-room slate roof house; hot air furnace; complete bath; electric lights; hot and cold water; bank barn 30x40 with straw shed 25x30. Ties for 10 cows, room for more. Milk house and other outside necessary buildings.

In buying this farm you have solved your school proposition. Your children get a city education at no cost. The owner has reduced his price on account of his wife's health and is very anxious to sell. Will take a city property in as part pay. If you are interested call in our office and we will be glad to show you this fine farm.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or sneezing. Head colds and catarrh yield like magic. Don't stay stuffed up choked up and miserable. Relief is sure.

## GLASS IS COLORED AND CUT HERE AT BOWMAN CO. PLANT

Continued from first page  
blank ware in the stock room. This is in the form of tumblers, dishes, stem ware such as goblets and sherbets, and a half hundred other forms.

An order calls for a certain shape and pattern. A crate of the blank pieces is placed at the cutter's bench. He or she, as the case might be, operates a motor driven carbide wheel of the finest texture, called a stone.

The design is cut in on the blank ware by the operator of the stone wheel, performing as neat and clean a job in such a deft manner that it makes one think that the human is at least infallible in glass cutting. Perfect designs are cut in rapidly by the cutter, hundreds being turned out a day.

The ware, after being cut, goes to a polisher, who is most adept also in cleaning the glass so that it is ready for the consumer. The girls and boys who do this work have to be as skillful in their line as the cutters to keep down breakage loss.

**Colored Ware**  
All that is done on the first floor. Passing to the next floor we find the high grade colored ware of many kinds and shapes, from bowls, plates and pitchers, to candle sticks and earl trays.

A blank is blown by an air machine with a liquid color by an operator who must be a 100 per cent designer in order to get the desired shade and heaviness.

This is placed in a kiln to be dried so that the color cannot come off. The kiln process also brings out the correct shade of the color.

Decorators on the same floor take other pieces, and put many different designs on them, some just bands of coin gold, and others being fancy etchings and colorings.

The newest ware is exceptionally pretty. One is a piece that is put through a process called "marbleizing." Many varied colors thus show up on the same piece of ware when finished. This ware itself is rushing the plant at present to supply the big demand.

In another section of the plant we find china from lands that have been for centuries leaders in the highest grade light ware. From China, Japan, Europe and even some of the island groups comes this china that is not only expensive, but has a reputation established for hundreds of years.

This foreign china is held here and shipped on order from the Cleveland main office. Most of it goes into the larger cities where the demand is greater.

**Will Increase Output**  
This year will see the doubling of the output of the Salem plant, according to George C. Titus, general manager of the factory branch. Sales last year were \$206,315. Mr. Titus has set the half million mark as something to strive for this year.

"We expect to double our output and double our sales this year," he says. "Last year we had prosperity, we had a large demand for our products. But this year we expect to upset all past records and do business that will approximate \$500,000."

"At present we have five gas kilns, we will soon install a new kiln that will do as much work as the five we now have. That means that we will double our decorating department, thus doubling our output. We have plenty of blank glass on hand."

Manager Titus delved into glass making and its history a little in connection with the sales and progress of the plant. He says that the glass industry today is along the same lines as in the olden days.

"We install all machinery that is modern, but a lot of the work is still done the old way. For a while we cut by acid in making the heavier ware, but as that is not made any more, we have no use for acid."

"We expect to put in more machinery for other processes and as we expand we will add more labor. At present we have a full staff, and until we have to hire more expert decorators we will be running as at present."

This unique member of the Salem industrial group, the only one here making glass, its nearest kin being the pottery, seems to be one of the most promising in the city.

**Berlenbach Hailed As Possible World Middleweight King**

New York, Jan. 30.—Boxing critics today hailed Paul Berlenbach as a possible world's middleweight champion in the making as the result of his sixth round knockout of Frank Carbons, tough and crafty veteran, at Madison Square Garden. It was Berlenbach's 22nd consecutive knockout in as many ring appearances.

In stopping Carbons the youth accomplished something that was beyond the efforts of five middleweight champions, George Chip, Al McCoy, Mike O'Dowd, Johnny Wilson, and Harry Greb. Carbons had never before suffered a knockout.

## RULES LICENSES CAN'T BE SUB-LET

D. O. Thompson, chief of the division of fish and game of the Ohio State Department of Agriculture, has notified Clerk of Courts John T. Burns that the issuing of hunting licenses must not be "sub-let."

This means that the habit of clerk of courts in some counties in signing applications and licenses in blank, and then "planting" them in cigar stores, pool rooms and other places where they might be obtained, is strictly against the law.

The practice has never been in vogue in Columbiana county, the only persons having authority to issue hunting licenses being the clerk of courts or the clerks of villages and townships.

New York, Jan. 30.—Confronted with rumors that a syndicate of business men is preparing to enter the field for the promotion of outdoor boxing shows, starting with the proposed Wills-Firpo bout, Tex Rickard today declined to comment on the situation beyond saying he did not intend to increase his bid for Firpo's services. It is understood Rickard offered the Argentine \$200,000 to meet Wills.

The alleged syndicate is said to have topped that amount by \$50,000.

**Why be Feeble?**

ADVANCING years should not mean the approach of a period of dependency—of crutches and canes—of worry, care and fatigue!

Don't dread the days ahead! Be prepared to grapple with the henchmen of Old Age—with rheumatism—with undermined health—with feebleness. The system that is free from impurities—through which rich red blood tingles need not worry about advancing years. Enlist the aid of S. S. S.—the builder of red blood cells—to fight off the infirmities of Old Age.

With the aid of S. S. S. when you reach this stage of life the nerve power that has been built up by ever increasing blood cells—the vim and vigor of youth that you possess will capably enable you to enjoy the advantages of passing years, while others less fortunate are feeble and dependent.

S. S. S. for nearly a century has been serving as a valuable and time honored assistant in the fight for hale and hearty Old Age. It is made only of pure vegetable ingredients and is sold at all good drug stores.

The large size bottle is the more economical.
